GAMEPLAY IN BRIEF

BASICS

Mega Fire Blaze Roulette follows Single Zero Roulette rules and you can place your usual bets.

FIRE NUMBERS

When bets are closed, up to five Fire Numbers are generated randomly. Occasionally, the special Fire Blast selects ten numbers instead.

MEGA FIRE BLAZE BONUS

When the ball stops on any of the Fire Numbers, the bonus game is triggered and all players who managed to cover the winning number qualify. Not only Straight-Ups qualify for the Bonus round, but also Split, Street, Corner/Basket and Line bets – all inside bets participate!

The Mega Fire Blaze Bonus game consists of a sequence of slot-like spins. By default, you receive several prizes on the Bonus grid, even before the start of the first spin!

The reels will spin by default three times, allowing players to collect Multipliers and increase their initial winnings.

When one of the spins yields at least one additional prize, the number of remaining spins is reset to three. A random Multiplier or a fixed Jackpot Multiplier is assigned to the segments upon being filled with prizes.

JACKPOTS*

Jackpots give additional Multipliers. There are four types of Jackpot to be won: Mini x20, Minor x100, Major x500 and Grand x2000.

*Jackpots are non-progressive
